TOEFL **Accelerator**TM

Driving English Language Success

**Prepare your students
for **TOEFL**[®] **iBT** Success**

EXCLUSIVELY FROM ETS, CREATOR OF THE TOEFL® TEST

The TOEFL *Accelerator*™

learning solution combines test preparation and targeted skills practice.

As English-language proficiency becomes increasingly valuable in today's global economy, so does the need for teaching and learning resources to promote student and program success. That's why ETS developed the **TOEFL *Accelerator*™** Internet-based English language learning solution — for students planning to take the TOEFL® iBT.

Measure English-language skills and target instruction accordingly.

Some English-language learners progress rapidly; others need more individualized instruction in a classroom setting. The **TOEFL *Accelerator*** learning solution is designed to be used in an instructor-led learning environment to help students at varying skill levels prepare for the TOEFL iBT.

Combine test preparation and targeted skills practice into one powerful learning solution.

Teachers can apply the components of the **TOEFL *Accelerator*** product to help tailor instruction to the student's individual needs.

Test Preparation Sets — determine student readiness for the TOEFL iBT

Skills Practice Modules — measure student progress through the curriculum

You can maximize the effectiveness of your test preparation program by using the **TOEFL *Accelerator*** product in conjunction with TOEFL® Practice Online. Visit the website at [TPO REDIRECT]

“ I think it will help students be more prepared for classroom interaction. And it will help [the] admissions process because we will be certain students are prepared for academic classes.
