

Big deal.

[ Very. ]

We are pleased to announce the extraordinary 99-year lease of the World Trade Center.

Originally valued at 1 billion dollars, the lease includes over 10 million square feet of office and retail space and was co-advised with J.P. Morgan.

But we didn't just advise on the biggest real estate transaction in New York history. We further enhanced its actual value by 2.2 billion dollars — arriving at a total of 3.2 billion dollars. That's the power of what we do.

To see how we've leveraged the true potential of real estate for other companies, visit us at [cushmanwakefield.com/success](http://cushmanwakefield.com/success).

Always thinking.<sup>SM</sup>
